Save this date!

September 16-18, 2011 is going to be a date to remember! Calgary Newcomers and Nugrads are hosting the National Newcomers conference and celebrating 50 years of Newcomers in Calgary. As Calgary was the first Newcomers in Canada, it's a double celebration.

President's Personal Message/Report:

I'm half way through my term of office on the National Board, and I'm still loving it. (To explain how that works, the National has an automatic progression. The Registrar/Treasurer automatically becomes the President, and then the Past President.)

The National holds four executive meetings a year, plus the AGM; the main emphasis being to treat everyone with kindness and in the spirit of friendship. It makes for such a pleasant and emotionally rewarding atmosphere.

I loved meeting other club members from across the country; a very interesting and gracious group of women. Everyone works so well together and somehow we get it all done. It seems like magic, but really, it happens because we appreciate all we have gained from belonging to Newcomers' over the years, and are happy to do a little administrative work as a bit of a 'pay back'.

The second best thing about being on the board this year has been chairing executive meeting on Sunday mornings in my pajamas, We conference call our executive meetings in the winter months, works great and is nice and warm and cozy.

We've had excellent face-to-face executive meetings at our homes as well;

London, Toronto, Burlington, Mississauga and Ottawa. To quote Dora the Explorer: "Where will we go next? " Calgary is coming up in 2011!

I would encourage anyone, anywhere, who has a computer, a long distance plan and little spare time to join the National Board. It has been a very rewarding friendship experience for me, and great fun to share skills across the country (I'm learning how to conference call, and I must say; everyone on the Board has been very kind).

Respectfully submitted, in friendship,
Verna Dennis, President 2006/2007

Burlington Newcomers'

Oakville Alumnae post a reminder

IMPORTANT - Please Remember - Don't drink and drive. If you live near enough why not walk round and take advantage of Oakville's safe streets. If you email the hostess, she will suggest car pooling opportunities with fellow members.

Appy Night

Appy night is a relaxed social event for newcomers, either single or with guests, to make new friends and enjoy each other's company while savouring a scrumptious smorgasbord of appetizers. Participants should take along a generous serving of their favourite appy and their own beverage of choice. The hostess will supply tea and coffee. This event is scheduled for the third Saturday of each month between 6:00 pm - 9:00 pm. It is left to the hostess to decide how many guests she will be comfortable entertaining. I will do my best to make sure the numbers are not exceeded. Our hostesses for this month are . . . Weather permitting, outside areas will be used. Please write one name per line so if you are bringing a guest you will need to use two lines. This is the only way we can correctly tally the numbers.

REGIONAL NEWS

ST Johns

Over the summer, a list called **LOOK WHO SHARES YOUR INTEREST** was sent to **NEWCOMERS' members**. On this list were over 25 other interest group ideas that members had said they were interested in participating with other members. These are interest groups just waiting to blossom but will only start running if one of our members decides to become its convener!

"So, what does a Convener do?" you may be asking yourself.

The Convener's role is to see that the Interest Group meets regularly.

The Convener plays an important role in the success of the Newcomer's Club!

The Convener is responsible for the organization of the interest group by setting up dates and times for their meetings with the help and input from the interest groups' members. Think of yourself as the 'Captain of the Team' but the 'Team' is also there to help you run and organize the interest group too. Remember that the Convener can always contact the Second Vice-President at any time for assistance in setting up the Interest Group too. You are never alone and on your own!

The Convener is responsible for a newsletter advertisement each month from September to May that promotes and gives details about their Interest Group

Joint Meetings and Activities

Promote Liaison between Newcomers' Club and Alumnae by having joint activities.

Calgary have a joint Coffee Break twice a month at a local coffee shop.

Kingston have a circulating book club and a cooking club that has members from both clubs.

Oakville have a wine appreciation group spanning newcomers' and alumnae. Husbands are welcome but not necessary. This month's appreciation is in the form of a tried and trusted POT LUCK BLIND Tasting. Participants bring their chosen wine with the label hidden in an LCBO bag and with the neck foil removed. Participants try to identify Chardonnay from Pinot Grigio or Merlot from Shiraz.

Editor's Note:

Thank you for your patience. I moved into my new home on August 10th. It's great to finally be one place and not living out a suitcase. I have a computer set up again and can peruse my email on a regular basis. I notice when I read your newsletters that more and more clubs are using the net to distribute their newsletters. Not only is this more economical but it's better for the environment. I read each and every newsletter you send me so please keep them coming. It's great when we can share ideas across the country.

Thanks

Jeanne Stoness

Quotes from Club Newsletters

A mind once stretched by a new idea, never regains its original dimensions.

St Johns

The best blush to use is laughter:
It puts roses in your cheeks and in your soul.

--Linda Knight London

Robin McGraw, tells us in her book, *In Side My Heart*, "I absolutely believe that in order for a woman to experience happiness, fulfillment, and peace, she needs to know two things: who she is, and who she is meant to be."

A positive attitude causes a chain reaction of positive thoughts, events and outcomes. It is a catalyst . . . a spark that creates extraordinary results.
